I'm... accepted! – what's next?

After you cool down your excitement of being accepted, you'll probably receive an e-mail from our Participant Responsible. She will be at your service (sometimes even 24/7).

However, you should now produce and send:

- One or two photos. Preferably ID size, however not ID style (casual, smiling photo)! We will use them on course's website to create a participants photo-wall.
- Any special preferences including: vegan/vegetarian, diets etc.
- Your mobile phone number
- Information about any medical issues that you want us to know about (allergies, epilepsy, etc.).

This way we won't have to ask you about all those things on your arrival – let's make it less complicated :)

Weather

You have to be prepared that weather in Poland can be unpredictable, although July is the second sunniest and warmest month. In general cases, temperatures oscillate between 20°C and 30°C. However, you have to be prepared for some random extreme conditions, such as: strong winds, thunderstorms, hailstorms, cold nights. Therefore we advise you to bring some warm/waterproof clothes for such conditions.

Money

The currency used in Poland is ZŁOTY. It may be denoted either by “zł” or “PLN”. It is subdividable to 100 groszes (“gr”). As for currency exchange rates from February 14, 2014, one euro is 4.15 PLN. The table below presents some exemplary prices in our city.

Beer (pub)	7 PLN	Bus/Tram ticket (0.5h)	2.4 PLN
Beer (shop)	3 PLN	Condoms (3-pack)	9 PLN
Pack of cigarettes	12 PLN	Pizza (good one)	18 PLN
McDonald’s French fries	5.4 PLN	Roll	0.5 PLN
Cheeseburger	3.5 PLN	Bottle of coca-cola (0.5L)	3 PLN

Food and lady Żubrówka

We usually have a big breakfast around 8 am and even bigger lunch around 3 pm which is always served hot. We eat light dinner around 7 in the evening.

Polish food is considered and probably differs a lot from the one you eat in your own country. During the whole Summer Course you will have opportunity to try various polish dishes. Polish food is said to have more fat than Mediterranean Cuisine but we are sure you will like it.

There will be a Polish Evening during which we will serve traditional food that you can taste only for special occasions like Christmas or Weddings. We will also have coffee breaks to provide you with some energy during lectures.

Poland is famous for Żubrówka. You will have a possibility to try this special vodka and to find out where it's name comes from. The only thing we can tell you now that we have a special legend about the origin of Żubrówka.

International evening

As some of you may have already heard, there is a special party held during the course. This party is **International evening** and is all about you and your country! Each of the participants will have a chance to present his/hers country's culture, food and drinks.

Food:

There will be a kitchen at your disposal, however bringing a part of the food from your home country is advisable, because some of your "special ingredients " may not be available or very expensive here in Poland. Having doubts about some product? Contact us and we will check its availability.

Drinks:

We know that each nation has its own national spirit. Let's share!
Note: think about the number of people that would like to taste your drink :)

Culture:

Think how you would like to present yours country's culture. It can be anything from music, through dances, to jokes and habits. **Be creative!**

Location and accommodation

You will be accommodated in our University's student dormitories in double or triple rooms. They are located in our city's centre and no more than 700m from University's faculties.

Shopping

There is a variety of minimarkets around the campus at your disposal, providing you with everyday products and alcohol. For some extraordinary needs there are 3 big shopping centers in 15 minutes range from your accommodation:

- **Pasaż Łódzki** at Jan Paweł II alley. Medium size shopping mall. 10 minutes by foot.
- **Galeria Łódzka** at Piłsudzkiego alley. Big, 3 storey shopping mall. 12 minutes by tram.
- **Manufaktura** at Ogrodowa street. This one is really worth noticing, since it is one of the biggest and most beautiful shopping centers in Europe, situated in old factorial district.
